Webminister

Received multiple updates from Maeve and have updated the members section along with some info on the regnum. Sent out the member template for use, but have yet to receive any new requests. This makes for a very sad webminister!

I would love to receive some new links to add to the site under Resources.

I'd also like to consider possibly adding a short paragraph on the home page for newcomers.

Contacted Kingdom Webminister regarding warrant request and she sent out an email for confirmation from seneschals, but have not heard back on status.

Old business:

None.

New business:

Next meeting, will be week after Pennsic and the majority present decided to go ahead and have the meeting.

In an effort to get group adhesion, we will be hosting hospitality at SSBB. Clan Roanwoulfe will provide coffee w/cups, sweetner and dairy.

Meeting closed at 7:33.
