Great turnout considering the number of folks at Gulf Wars. We wish Wynne a speedy recovery, as she is not feeling well.

Brianna confirmed that she is still the Seneschal. Of note - Arnora and Manus got married. Lydia got a Silver Nautilus at KASF for her cotton research. Virag entered A&S for KASF. Jonathan, Lydia, and Oddny also entered.

Cyriac reports that the website is still there, and that the member pages are still suspiciously short of entries. Please send him some information!

Manus has the Exchequer's box and needs to get warranted. Someone write out a warrant for the man.

The chatelaine's warrant paperwork has been lost. We have to send in new paperwork so that Wynne can be warranted.

MoAS: at Gulf Wars - teach at Runestone, folks! Virag is making things out of felt this week, so come on by and learn.

The herald has to report that he has not yet submitted the device. Bad herald. No cookie. Encouraged commentary from the populace.

The chronicler has nothing to report.

New business:

Virag wants a fibre sunday with fighting. She will put it on the list.

Virag is talking with the Equestrian folks about an equestrian practice in the near future in our area.

Old Business:

IotR was discussed for 2009. Tal will talk to the Chivalry at Coronation about the potential for hosting ToC inside the event and will report back next meeting.

There was no further business, and we adjourned at 7:37
